FLASH UPDATE 13 MAY 2022

edition 2022/08

Dear <<First Name>> <<Last Name>>,

Another new Preferred Partner joined BARIN!
Welcome to UCC-Services. They are specialized in professional cleaning and have many customers amongst our members.

The May holiday is behind us. After a first chaotic start, last weekend was again busy but way less hassle for your customers and for all staff working at the airport.

Compliments to all involved!

I am confident that also the Summer-peak will be 'doable' with extra efforts and will not lead to too much disruption. Therefore we concluded it's not fair to announce already today, we have to cancel flights. With Schiphol we are discussing ways and means how to improve and "learn from the past to benefit for the future"!

Stay safe,

Marnix H Fruitema
Chairman BARIN

May Holiday and staff shortages at Amsterdam Airport Schiphol

We all have a hectic and busy two weeks behind us. The challenges on the staffing front continue and all focus is now on two issues. One is to make sure that with joint efforts Schiphol will be able to provide the services we require with sufficient staff during the upcoming Summer holidays. The second focus is on making sure that the incurred costs of claims during the past two weeks can be recouped from Schiphol. As BARIN we will stay on top of these priorities. We do want to make a compliment to all staff from various parties helping out to get passengers on
